

CHERYLYNN GRONHOFF

MASSAGE THERAPY

GRADUATED: NOVEMBER 19, 2009

Metro Business College changed my life. I had wanted to be a massage therapist for many years, but the timing was never right. When I finally got the chance to go to school, my dream was realized. I chose Metro Business College for many reasons. Large classrooms always intimidated me, so the small class sizes were great. Metro was also close to home, a real plus for an adult student, and the 9 month timeline made it even more achievable. I had always struggled to learn but Sam was very patient, helping me learn and understand even the most difficult subjects. Metro 's teachers know how to help and give you the skills needed to succeed. I studied HARD and after 9 months I accomplished what I never thought I could, I graduated as Class Valedictorian in November, 2009.

Thanks Metro Business College! You may be small, but you made a BIG difference in my life.
